

Text for reporting on post-market monitoring of authorised GM events with
enhanced nutritional profile
endorsed by EuropaBio, COCERAL, UNISTOCK and FEDIOL

As authorisation holder, [biotech company] collaborates with third parties, such as farmers, crushers and all exporters involved in the production and trade of [GM event name] [crop] oil or [crop] for crushing into oil, to collect, as required by the Commission authorisation decision [reference], information on the quantities of [GM event name] [crop] oil and [GM event name] [crop] for oil extraction, imported in the European Union for the placing on the market as or in products for food.

On the basis of this information and as required by Commission authorisation decision [reference], the authorisation holder confirms that during the Post-Market Monitoring (PMM) reporting period ending 30 June [year], [no/quantity] [GM event name] [crop] oil or [crop] for crushing into oil [was/were] exported to the EU for the placing on the market as or in products for food.

This concludes our PMM reporting for [year]. Monitoring will continue as required and subsequent reports will be provided in [following year].

In case of exports/imports to the EU – further obligations for the authorisation holders (to be completed).
